

The CCA's Weekend Courses gives you the flexibility to work and go to school. With Weekend College, you can update your skills or earn your degree, all while attending class on Friday evenings, Saturdays and Sundays. Important information: Weekend College classes may not meet every weekend. Students must attend the first class for information about additional course sessions and how to

complete course requirements in the weekend format. Course descriptions are available in the CCA Catalog on the CCA website at www.CCAurora.edu. These courses are listed in the All CCA Courses section starting on page 14. For information on registration see page 2.

21616	AAA	75	3	Special Topics: Orientation	20114	CIS	165	240	Complete Presentation Graphics	20336	ESL	52	80	Intermediate Composition
