

Faculty Senate Organizational Chart

Faculty Senate plays a crucial role at CCA through its commitment to shared governance, a collaborative decision-making process that involves faculty members in the administration and management of the Academy. Serving as a representative body for faculty, the Faculty Senate acts as a bridge between our educators and college administration, fostering communication and collaboration. Shared governance ensures that faculty members have a voice in shaping procedures, curriculum development, and college priorities. This participatory approach not only promotes transparency and inclusivity but leverages the collective expertise of the academic community to enhance the overall quality of education. The Faculty Senate engages in open dialogue, debates, and decision-making processes, contributing to a dynamic and responsive academic environment that prioritizes the diverse perspectives and expertise of our faculty members. Through shared governance, the Faculty Senate reinforces the principles of academic freedom, collaboration, and the pursuit of excellence at CCA.
