START HERE

Review the CPL Information Dashboard to determine if your industry experience has already been mapped to one of the standard guides.

OPTION 1:

If you see your information is already mapped on the matrix

Contact the organization that awarded you any official scores/reports/ certificates and ask them to send your records to the CCA Credential Evaluator.

OPTION 2:

If you DO NOT see your information is already mapped on the matrix

If you cannot find your specific industry experience already mapped, set up a meeting with an Academic Advisor to go over your options. Just because it's not listed, doesn't automatically disqualify you from potentially earning credit!

If your experience CAN be mapped to a guide, contact the organization that awarded you any official scores/reports/ certificates and ask them to send your records to the CCA Credential Evaluator.
